RIIMPO319E Conduct backhoe/loader operations

Start Training in RIIMPO319E Conduct backhoe/loader operations!

RIIMPO319E is the latest nationally accredited unit of competency that provides you with the skills and knowledge required to conduct backhoe/loader operations.

This unit will help you plan and prepare for backhoe/loader operations; load, carry and place materials to complete work activity; select, remove, fit and use attachments for a backhoe/loader, among many others.

Perfect for learners who:

- Are looking to gain the knowledge and skills required to conduct backhoe/ loader operations
- Are seeking work in site-based roles in civil infrastructure
- Require refresher training

SKIVL offers the nationally recognised **RIIMPO319E Conduct backhoe/loader operations** unit with high quality course materials and premier student support to deliver a unique learning experience.

SKIVL will deliver training that is customised to meet student, industry and where relevant, employer needs in line with the delivery strategy for the qualification.

When you enrol in our courses, you will study under expert trainers with decades of experience in the industry. **So, what are you waiting for? Enrol now!**

NATIONALLY RECOGNISED
TRAINING

Course Outline & Structure

Training Delivery

Training is delivered via **Face-to-Face** to be **completed in up to 4 days** (3 days training and assessment, plus 1 day pre-course training) with **approximately 30.5 hours** of study, depending on learner's skills, knowledge, and experience.

Assessment Methods:

- **Observation** during on-the-job or role play/simulation
- **Questioning** may include self-assessment, verbal answers, written questionnaires, activity modules or interview

What are the entry requirements?

At the time of enrolment, the applicant must:

- Be minimum 18 years of age
- Have at least Year 10 English proficiency level or equivalent*
- Have basic numeracy skills*
- Have good general health and fitness for the practical task (ability to climb in/out of machine, operate controls etc.)

***Students who fail the LL&N assessment may still be enrolled to the course if endorsed by the trainer/assessor, and corresponding additional support strategies are in place*

Course Outline & Structure

Course Resources

To support you in your training with SKIVL, we will provide:

- RIIMPO319E learning and assessment suite which includes:
 - Learner Guide
 - Assessment Workbook
- Site-specific compliance documentation relevant to backhoe/loader operations
- At least one (1) backhoe/loader

For a complete list of all the resources we will provide, please visit our [website](#).

Students to arrange access to:

- Safety helmet
- Hi-visibility clothing
- Ear protection
- Protective footwear
- Gloves

What are the qualification pathways after taking the course?

Students who complete this course may choose to pursue further studies in a range of qualifications, such as:

- RII30920 Certificate III in Civil Construction*
- RII30820 Certificate III in Civil Construction Plant Operations*

**These courses are not offered by SKIVL*

Is Recognition of Prior Learning (RPL) available?

Due to the high-risk nature of the unit, RPL pathway is identical to the Assessment Only Pathway, where students are required to complete the assessment activities as a challenge test of their existing knowledge and skills competency.
